Invitation

Dear Delegates,

Mamata Academy of Medical Sciences, Hyderabad, is conducting 20th Regional Society of Anatomists meet 2023. It's our pleasure and privilege to invite all the eminent Anatomists in Andhra Pradesh & Telangana for the conference which will be held on 6th, 7th & 8th of July, 2023. Cadaveric dissection is the foundation of Anatomy. Fetal dissections are more interesting and fascinating to learn Anatomy. So, the theme of the Pre-Conference is designated as "Fetal Autopsy – Hands on Training", which will enhance our skills in fetal dissections and to do research in embryological and developmental Anatomy.

The conference would feature two fantastic days of the Guest lectures, Anatomy research papers, posters and many more. The scope and quality of scientific exchange makes this conference, the elite Anatomy conference. Your active contribution will be crucial to the success of the conference and its impact in the Anatomical research. This event features a lot of opportunities to network with renowned anatomists and colleagues to enhance our knowledge and experience, which will stimulate a creative exchange of ideas and will be personally rewarding.

We hope that, despite of the intense program, you will be able to get some glimpse of the Royal city Hyderabad which unites diverse culture, rich history, delicious food and fantastic places to visit. We do hope that you will enjoy the conference.

About RSA

The Regional Society of Anatomy of Andhra Pradesh and Telangana was birthed in 2001 with an aim to enhance the knowledge of our anatomists in research, to unite all the anatomists across the states to share knowledge and to have professional development. RSA is a chapter of Anatomical society of India (ASI). The first conference of RSA was conducted in Osmania medical college. During the past years several conferences were conducted in various colleges of Telangana & Andhra Pradesh. Many senior anatomists have contributed for the growth and development of RSA-AP&TS.

About College

Mamata Educational Society came into existence in May 1992 after tireless efforts of our founder, architect and a great visionary Sri Puvvada Nageswara Rao, who is a renowned politician and former MLA & MLC. Mamata Academy of Medical sciences was started in 2018 under the guidance of Sri Puvvada Ajay Kumar, who is serving as Hon'ble Minister of Transport, Government of Telangana. And now it is led by dynamic, enthusiastic and magnanimous leadership of our Managing Director Dr. Puvvada Nayan Raj.

Mamata Academy of Medical sciences, is a 720-bedded Hospital and is affiliated with Kaloji Narayana Rao University of Health Sciences, Warangal, Telangana with intake of 150 M.B.B.S, 100 BDS and 100 Nursing students. Our campus has spectacular Hospital & college buildings with all modern equipment's and facilities. Hospital provides medical care to the general population with an at most care and dedication with affordable price. The vision of MAMS is to create a new generation of devoted health professional providing services to needy for achieving holistic health guided by professional ethics and raising the standards of medical education and research. Our mission is to deliver accessible, affordable and quality healthcare by fostering excellence, nurturing talent and healing with compassion.

About Department

From left to right – Dr.Murali, Dr.Uday, Dr.Naveen, Dr.Hima Bindu, Dr.Elena, Dr.Pushyami, Dr.Asra, Dr.Keerthi, Dr.Anuradha

The Department of Anatomy in Mamata Academy of Medical Sciences, is lead by Professor Dr. Hima Bindu Nalluri who is a versatile anatomist as well as a specialist in Fetal Medicine. Our department works with passion and diligence to ignite knowledge to our young students. Our team teaches the students with innovative teaching methods and involves them in various activities following CBME curriculum which makes Anatomy more interesting. We actively involve in academic meetings, fetal autopsies, interdepartmental integration activities, body donation program, model making activities for students, research and publishing various papers.
