

44th National Conference of Association of Anatomists Tamilnadu

Welcome to EEE-2023

Hearty welcome to the National Anatomy Conference EEE 2023 hosted by department of anatomy Sree Balaji Medical College and hospital with Theme Evolution Education and Evidence based Medicine in Anatomy.

Objectives of the Conference

- ☞ To understand the importance of evolution in anatomy perspective by focusing on similarities and differences in the Anatomy of different species including the ones that are visible during embryonic development that may indicate a shared evolutionary ancestry.
- ☞ To discuss pressing issues with anatomy education.
- ☞ To share the significance and the need to appraise the available anatomy literature in the concept of evidence-based anatomy in medicine.
- ☞ Provide students a platform to showcase their work and build strong new friendships that span across various medical, dental and paramedical colleges.
- ☞ The event will not only incorporate guest speakers , paper presentations and discussions, but will also consist of quiz and scintillating social events like role play and reels, that will help our students and faculty to develop networks and transform their ideas into actions.
