25th Total Radiology Conference

27-30 January 2025 | Conrad Dubai

Theme

Empowering Radiology 2.0: Transforming patient care through innovation and collaborative technology.

Conference Overview

The 25th Total Radiology Conference, taking place from 27-30 January 2025, is set to be a landmark event under the theme Empowering Radiology 2.0: Transforming patient care through innovation and collaborative technology. This conference offers a dynamic platform to engage with leading experts in radiology from global and local societies, all dedicated to pushing the boundaries of patient care.

Attendees can expect cutting-edge content that dives deep into the latest advancements in medical imaging. Sessions will explore the transformative impact of generative AI on imaging practices, breakthroughs across various modalities, and specialized topics such as cardiac and chest imaging, emergency radiology, neuroimaging, musculoskeletal imaging, oncologic imaging, women's imaging, and nuclear medicine.

With speakers hailing from Asia, Africa, the Americas, Europe, and beyond, this is an unparalleled opportunity to gain insights that will shape the future of radiology. Don't miss this chance to connect, collaborate, and elevate your career in the ever-evolving field of radiology!

Sessions

- Communication in Radiology
- New roles in radiography
- Breast Imaging
- Safety Culture in Radiology
- AI in our Radiology
- Musculoskeletal Radiology
- Hot Topics in Nuclear Medicine

What's new

- Sessions by new Associations- The Indian Radiological and Imaging Association (IRIA)
- Hosted spotlight courses/masterclasses.
- Fast Forward 50 Sessions (#FF50)

Benefits of attending

- **Examine** practical insights shared by renowned experts on optimizing patient communication and enhancing exam efficacy, strengthening skills for patient-centered care in radiology.
- **Identify** emerging trends and technological advancements, including AI applications and digital radiography, to stay at the forefront of medical imaging.
- **Collaborate** with a global community of radiology professionals, establishing connections that promote collaboration and support career development.

Scientific Committee

Activity Director

Dr Hidayath Ali Ansari, Consultant Radiologist; Chair - Department of Nuclear Medicine, Imaging Institute; Medical Director, CCAD Al Ain Branch; Clinical Assistant Professor of Radiology, Cleveland Clinic Lerner College of Medicine; Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE

Global Chair

Prof Dr Michael Fuchsjaeger, Chairman, European Society of Radiology Board of Directors; Professor of Radiology and Chairman of the Department of Radiology, Medical University Graz, Graz, Austria

Local Chair

Prof Hatem Abou El Abbass Ghonim, Medical Director, Unison CI in PPP, UAE Ministry of Health and Prevention, Dubai, UAE

17th Obs & Gyne Conference

27-28 January 2025 | Conrad Dubai

Theme

Fast Forward 50: Obs Gyne Evolution:

Celebrating 50 years of progress and future innovations

Conference Overview

Join us for the 17th edition of the Obstetrics & Gynaecology Conference, taking place on 27-28 January 2025, under the theme "Fast Forward 50: Obs Gyn Evolution: Celebrating 50 Years of Progress and Future Innovations." This landmark event will reflect on half a century of advancements in women's healthcare while looking ahead to the next wave of transformative innovations.

The conference will feature a dynamic range of discussions on critical topics such as uterine transplants, cutting-edge treatments for fibroids and endometriosis, as well as the role of AI in shaping the future of obstetric imaging. Keynotes will explore the evolution of hormone replacement therapy (HRT), preterm birth prevention, and mental health management in obstetrics. With interactive Q&A sessions and expert panels, attendees will have the chance to engage with global thought leaders and explore solutions to today's most pressing challenges.

Bringing together leading practitioners, researchers, and specialists from around the world, the conference offers a platform for knowledge sharing, collaboration, and networking. Don't miss this opportunity to be part of the next chapter in obstetrics and gynecology.

Structure

Day 1 | 27 January 2025

- Gynaecology

Day 2 | 28 January 2025

- Obstetrics

What's new

- Poster competition

Benefits of attending

- **Investigate** the latest research breakthroughs in women's healthcare, including uterine transplants, innovative treatments for fibroids and endometriosis, and advancements in hormone replacement therapy and preterm birth prevention.
- **Question** leading practitioners and researchers from around the world through Q&A sessions and expert panels, building valuable relationships and addressing critical challenges.
- **Explore** the role of AI in obstetric imaging and other transformative technologies, reflecting on 50 years of progress and contributing to discussions on future innovations.
- **Enhance** professional development through discussions and gain valuable resources applicable to practice or research, while drawing inspiration from thought leaders in women's health.

Scientific Committee

Activity Director

Dr Tommaso Falcone, Executive Vice President & President of International & Emerging Markets, Subspecialty Care for Women's Health, Cleveland Clinic Main Campus, Cleveland, Ohio, USA

Chairs

- **Dr Jeremy Hawe**, Division Chief, Corniche Hospital, Abu Dhabi, UAE
- **Dr Sarah Francis**, Consultant Obstetrician & Gynecologist, Acting Chief of Obstetrics and Gynecology, American Hospital and Associate Program Director for OBGYN Residency Program, Dubai, UAE

16th Quality Management & Patient Safety Conference

29-30 January 2025 | Conrad Dubai

Theme

Connecting the Dots: Simplifying the Path to Quality and Patient Safety.

Conference Overview

The 16th Quality Management and Patient Safety Conference, with the compelling theme "Connecting the Dots: Simplifying the Path to Quality and Patient Safety," promises to be a transformative gathering of healthcare leaders, clinicians, policymakers, and innovators from around the world. This year, the conference will delve into the critical connections needed to bridge the gap between innovation, policy, and hands-on practice, all with a single goal in mind: improving patient safety and healthcare quality.

From exploring the latest advancements in AI that are revolutionizing healthcare delivery, to diving into the growing importance of ESG and sustainability, the conference will showcase how these elements intersect to create more resilient, efficient, and safe healthcare systems. Discussions will also focus on implementing proven quality management practices that elevate care standards while fostering a culture of safety.

With a rich lineup of thought-provoking sessions and expert speakers, this conference is not just about learning but about forging new connections, sparking collaboration, and inspiring real-world change in the pursuit of healthcare excellence. Whether you're a clinician, a policymaker, or an industry leader, this is the place to be to unlock the future of quality and patient safety.

What's new

- Expanded focus on key patient safety topics
- Two workshops on AI and Patient Safety
- Introducing new topics on ESG and Sustainability
- Poster Competition
- Fast Forward 50 Sessions (#FF50)

Benefits of attending

- **Organize** sessions with healthcare leaders, clinicians, policymakers, and innovators worldwide, establishing essential connections to advance patient safety and healthcare quality.
- **Review** effective quality management practices that elevate care standards and promote a strong culture of safety in diverse healthcare settings.
- **Discover** the latest advancements in AI and their impact on healthcare delivery, along with discussions on ESG and sustainability to create more resilient healthcare systems.
- **Encourage** collaboration and inspire real-world change in the quest for healthcare excellence, guided by insights from a diverse array of global speakers.

Scientific Committee

Activity Director

Dr Samer Ellaham, Clinical Professor, Cardiology Consultant, Heart and Vascular Institute, Medical Director, Continuous Improvement Department, Physician Director of Accreditation, Quality & Patient Safety Institute, Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE

Local Chair

Dr Rola Hammoud, Chief Executive Officer (CEO), Fakeeh Care, Madina Hospital, Saudi Arabia President, American College of Healthcare Executives – MENA Chapter, Saudi Arabia

24th General Surgery Conference

27-30 January 2025 | Conrad Dubai

Conference Overview

Join us for a transformative four-day surgical conference from 27-30 January 2025 at Arab Health. Immerse yourself in a dynamic program featuring workshops, trainings, and in-depth general surgery sessions. From breast surgery to trauma and acute care, medico legal considerations, endocrinology, and beyond, this conference offers a comprehensive exploration of the surgical landscape.

Gain invaluable insights from renowned GCC and global speakers, network with peers from across the region, and participate in interactive workshops designed to enhance your skills. Discover the latest advancements in surgical techniques, technologies, and research.

Don't miss the Young Surgeons' Spotlight initiative, where rising stars will share their perspectives and contribute to thought-provoking discussions. Whether you're a seasoned surgeon or a resident eager to learn, this conference is your opportunity to elevate your practice and stay at the forefront of surgical innovation.

Structure

Day 1 | 27 January 2025

- Preconference Workshops | 09:00 – 17:00

Day 2 | 28 January 2025

- General Surgery Conference | 09:00 – 17:00

Day 3 | 29 January 2025

- General Surgery Conference | 09:00 – 17:00

Day 4 | 30 January 2025

- Surgery Workshops | 09:00 – 16:00

What's new

- Launching innovative workshops in surgical techniques
- Spotlight on rising talent: Young Surgeons
- Fast Forward 50 Sessions (#FF50): Celebrating 50 Years of Excellence
- Collaborative MDT Tumor Board Session

Benefits of attending

- **Assess** multidisciplinary tumour board sessions, gaining perspectives on teamwork and effective patient care strategies across specialties.
- **Visualize** in-depth video demonstrations and engage in interactive workshops to refine surgical techniques and practical applications.
- **Detect** the latest advancements in surgical techniques and technologies presented by distinguished experts from the GCC and beyond.
- **Integrate** with peers and emerging talents through the Young Surgeons' Spotlight initiative and targeted sessions that drive collaboration and innovation in the field.

Scientific Committee

Activity Director

Dr John Rodriguez, Chair of Surgery, Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE

Conference Co-Chairs

- **Dr Ali Khammas**, Head of Department for General Surgery, Rashid Hospital, Consultant General Surgery, United Medical, and General Surgery Consultant, CMC Hospital, Dubai, UAE
- **Dr Omar Almarzouqi**, Chief of General Surgery, Dubai Health Authority (DHA), Assistant Professor of Surgery, Mohammed Bin Rashid University of Medicine and Health Sciences (MBRU) and Consultant MIS and Bariatric Surgeon, United Medical, Dubai, UAE

8th Emergency Medicine & Critical Care Conference

27-28 January 2025 | Conrad Dubai

Arab Health
By Informa Markets

50 years

Theme

Many Hats, One Mission: Excellence in Emergency and Critical Care

Conference Overview

The Emergency Medicine and Critical Care Conference brings together leading experts and practitioners in emergency medicine, critical care and multidisciplinary healthcare, addressing the evolving demands of modern healthcare through dynamic sessions, interactive discussions, and clinical challenges.

With a focus on leadership, innovation, and future-driven practices, the conference highlights critical areas such as organizational culture, the role of multidisciplinary teams, and emerging trends shaping the field.

Attendees will gain valuable insights into how diverse specialties intersect in high-stakes environments like the ED and ICU, with topics spanning from resuscitation techniques and trauma management to the role of personalized patient care.

Sessions

- Leadership in EM and CC
- Bridging the Gap Between Specialties
- Future of Critical Care / 50 years forward in MENA region
- Challenging clinical cases
- Resuscitation best practices
- Sepsis – current standards of care for EM and ICU

What's new

- Fast Forward 50 Sessions (#FF50)
- For the first time in the region, the European Society of Emergency Medicine EuSEM will hold a session during the conference

Benefits of attending

- **Review Current Trends** and guidelines for best standards for common emergencies
- **Analyse** advances in techniques and technology used in emergency medicine and critical care
- **Apply up to date** approach to challenging cases and understand best management standards
- **Highlight challenging cases** and best management scenarios on emergency and critical care

Scientific Committee

Activity Director

Dr Timothy Souster, Institute Chair, Emergency Medicine Institute, Clinical Assistant Professor of Medicine, Cleveland Clinic Lerner College of Medicine of Case Western Reserve University, Cleveland Clinic Abu Dhabi, UAE

Conference Co-chairs

- **Dr Ayesha Al Memary**, Consultant Emergency Medicine and Critical Care, Sheikh Shakhbout Medical City, Dubai, UAE
- **Dr Sara Kazim**, Consultant Emergency Medicine and Medical Toxicology, Head of Emergency Department, Dubai Health, Dubai, UAE

Charting the Path Forward - Strategies for Infection Control in a Complex World

Conference Overview

Get ready for a groundbreaking experience at the Infection Control Conference 2025, taking place January 29-30 at Conrad Dubai. This premier event brings together global experts, healthcare leaders, and innovators to explore the most critical challenges in infection prevention and control. With a focus on the latest trends in infectious disease management, the rise of antimicrobial resistance (AMR), and the role of cutting-edge technologies like artificial intelligence in IPC, this conference is designed to equip you with the tools and knowledge to shape the future of Infection Prevention and Control.

From interactive sessions powered by the Association for Professionals in Infection Control (APIC) to in-depth discussions on global outbreaks, climate change and Healthcare Associated Infections, you'll gain actionable insights to enhance your practice and improve patient safety. Don't miss your chance to be part of this essential event that is set to redefine the future of global health!

What's new

- An interactive session powered by APIC
- Challenging cases discussions
- Interactive IPC Problem Solving session

Benefits of attending

- **Summarize** current global outbreaks and best management strategies
- **Highlight leadership & competency** traits of successful Infection preventionists and Infectious Diseases experts
- **Describe best practices** in effective quality audits and infection control rounds
- **Analyze** different Hospital associated infection scenarios and best prevention and management practices

Scientific Committee

Activity Director

Dr Maria Fernanda Bonilla, Consultant Infectious Diseases, Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE

Chair

Elias Tannous, Infection Control Specialist Cleveland Clinic Abu Dhabi, Abu Dhabi, UAE

Planning Committee

Joseph Tannous, Infection Control Consultant, Emirates Health Services, Dubai, UAE

Sterilisation 2.0: Pioneering CSSD for Enhanced Safety and Standards

Conference Overview

Get ready for a game-changing experience at the 2nd Decontamination and Sterilisation (CSSD) Conference 2025 at Conrad Dubai on January 29-30! Under the theme "Sterilization 2.0: Pioneering CSSD for Enhanced Safety and Standards," this event is your gateway to the future of sterilization, featuring cutting-edge technologies like AI, automation, and IT systems revolutionizing CSSD.

Learn from world-class experts, engage in thrilling keynote sessions and interactive discussions, and dive deep into the latest innovations in sterilization and robotic instrument care. With hands-on learning and networking opportunities, this is your chance to be part of the transformation shaping the future of CSSD!

What's new

- A new Session Powered by World Federation of Hospital Sterilization Sciences WFHSS
- A new interactive session of competitions and collaborative problem-solving cases

Benefits of attending

- **Summarize** emerging innovations in CSSD and how to utilize them in enhancing safety and efficiency
- **Highlight** best practices in sterile processing and its impact on patient safety
- **Define** successful CSSD leadership by identifying the traits of high-performance teams
- **Identify** steps of risk management and hazards mitigation in CSSD department
- **Analyse** behavior and attitude in the CSSD department and how to overcome challenging scenarios

Scientific Committee

Activity Director

Richard Schule, Senior Director Enterprise Reprocessing, Cleveland Clinic, Ohio, USA

Co-Chairs

- **Dr Ahmad Baggashi**, CEO, Saudi Society for Infection Control, President, MENA-FHSS, KSA
- **David Lee**, CSSD Manager, Mubadala Healthcare, Abu Dhabi, UAE
