INVITATION

Dear Colleagues,

On behalf of organizing committee, iSONACON 2026, I extend a formal invitation to all distinguished anatomists, researchers, and well-wishers to participate in the 2nd International Conference of the Society of Nepalese Anatomists (iSONACON 2026), scheduled to be held on 8th-9th May 2026, at the Nepalese Army Institute of Health Sciences, Sanobharyang, Kathmandu.

iSONACON 2026 is envisioned as a dynamic platform for collaboration, knowledge exchange, and the exploration of innovative ideas in the field of anatomical sciences. This landmark event will bring together leading experts, scholars, researchers, and anatomy enthusiasts to engage in insightful scientific discussions, presentations, and networking opportunities, fostering meaningful academic integration and interactions.

Your presence, participation and contribution will greatly enrich the academic and professional exchange during this event. Your expertise and insights will definitely create a vibrant environment of learning and collaboration.

We look forward to welcoming you to Nepal for this exciting academic gathering.

Warm regards,

Prof. Dr. Trilok Pati Thapa

Organizing Chairman, iSONACON 2026

General Secretary, Society of Nepalese Anatomists (SONA)
Vice - Principal & HOD Anatomy,
NAIHS-COM, Kathmandu, Nepal

Dear Colleagues,

It is with great pleasure that we welcome you to the International Society of Anatomists of Nepal (iSONACON) 2026, taking place at Nepal Army Institute of Health Sciences (NAIHS) in Kathmandu, Nepal.

This premier conference brings together distinguished anatomists, medical educators, researchers, and students from around the world to share knowledge, foster collaboration, and advance the field of anatomical sciences.

Over two days, you will have the opportunity to engage with cutting-edge research, attend workshops, network with peers, and contribute to the evolution of anatomical education and clinical practice.

Warm regards,

Prof. Dr. Dil Islam Mansur

Organizing Vice-Chairman, iSONACON 2026

President, Society of Nepalese Anatomists (SONA)

WELCOME TO iSONACON 2026

“FROM CONCEPTION TO CREATION: THE ANATOMY OF HUMAN EMERGENCE”

Decoding the structural symphony of life's earliest chapters.

In the quiet pulse of creation, where a single cell awakens with purpose, begins the most extraordinary story ever told: the story of us.

From that first spark of conception, life orchestrates a masterwork of transformation — a symphony of structure and function, rhythm and resilience. Within the shelter of the womb, form unfolds from formlessness, order arises from chaos, and anatomy begins its timeless dance toward becoming human.

It is this magnificent odyssey, the journey from potential to presence, from conception to creation, that we gather to celebrate at iSONACON 2026, the International Conference of the Society of Nepalese Anatomists.

Here, amidst scholars, educators, and explorers of the human form, we seek to decode the structural poetry of life's earliest chapters. Together, we will traverse the frontiers of embryology, organogenesis, and developmental anatomy, unveiling the architectural brilliance that shapes every heartbeat, every breath, every moment of existence.

As Nepal, the cradle of heritage and harmony, welcomes the world's anatomists, we stand at the confluence of science and wonder. Each session, each dialogue, will echo our shared quest to understand the blueprint of being, the biological artistry that transforms a cluster of cells into consciousness itself.

Let this gathering not only deepen our scientific insight but also rekindle our reverence for the miracle of anatomy, for within every structure lies a story, and within every story, the essence of life.

Welcome to iSONACON 2026 —

Where science meets soul, and where the anatomy of human emergence unfolds in all its grace and grandeur.

Warm regards,

Dr. Ramendra Raman
